

### **REMARKS**

The present Amendment and Response is fully responsive to the Non-Final Office Action dated February 5, 2008. Additionally, the present Amendment and Response is being filed in conjunction with six terminal disclaimers. After entry of the foregoing Amendment, Claims 1-37 remain pending. By this Amendment, independent Claims 1-4 and dependent Claims 32 and 34 have been amended. Reconsideration of the application is requested in view of the terminal disclaimers, the amendments, and the following remarks.

### **Claim Objection**

In the Non-Final Office Action, dependent Claim 32 was objected to due to a typographical error. Specifically, the Office Action contended that the recitation of "record" should be amended to recite "records."

In response, the Applicants have amended dependent Claim 32 as suggested by the Office Action to recite "records" rather than "record." Accordingly, it is respectfully requested that dependent Claim 32 is in proper form.

### **Double Patenting Rejections**

In the Non-Final Office Action, Claims 1-37 were provisionally rejected on the ground of non-statutory obviousness-type double patenting as being unpatentable over Claims 1-37 of co-pending U.S. Pat. App. No. 10/711,149. Additionally, Claims 1-37 were rejected on the ground of non-statutory obviousness-type double patenting as being unpatentable over Claims 1-37 of U.S. Patent No. 6,820,202; Claims 1-37 of U.S. Patent No. 6,820,199; Claims 1-38 of U.S. Patent No. 7,032,112; Claims 1-38 of U.S. Patent No. 7,089,421; and Claims 1-44 of U.S. Patent No. 7,257,228.

In response, six terminal disclaimers are submitted in conjunction with the present Response. The terminal disclaimers are respectively directed to the following patents and patent applications:

U.S. Patent No. 6,820,202

U.S. Patent No. 6,820,199

U.S. Patent No. 7,032,112

U.S. Patent No. 7,089,421

U.S. Patent No. 7,257,228

U.S. Pat. App. No. 10/711,149

Each of the patents and patent applications for which terminal disclaimers are submitted are believed to be co-owned by the Assignee of the present application.

In view of the terminal disclaimers, it is respectfully requested that the non-statutory obviousness-type double patenting rejections be withdrawn. Accordingly, it is respectfully submitted that pending Claims 1-37 of the present application are in condition for allowance.

**CONCLUSION**

The Applicants believe that each matter raised by the Office Action has been responded to. Allowance of the claims is respectfully solicited. It is not believed that extensions of time or fees for addition of claims are required in this paper. However, in the event that additional extensions of time are necessary to allow consideration of this paper, such extensions are hereby petitioned under 37 CFR § 1.136(a), and any fee required therefore (including fees for net addition of claims) is hereby authorized to be charged to Deposit Account No. 19-5029.

If there are any issues which can be resolved by teleconference or an Examiner's Amendment, the Examiner is invited to call the undersigned attorney.

Respectfully submitted,

---
